

SK PHARMA LTD

Kutivate Patient Information Leaflet

Read this leaflet before using this product. Keep it for reference and ask your doctor or pharmacist if you have questions. Do not share a prescribed medicine with another person.

1 What this product contains and is used for

Composition: Fluticasone Propionate 0.05% Cream

Therapeutic class: Topical corticosteroid. Reduces skin inflammation and itching.

Uses: Corticosteroid-responsive inflammatory skin conditions.

2 Before using this product

Do not use if you are allergic to an active ingredient or any other ingredient. Get emergency help for difficulty breathing, collapse or swelling of the face, lips, tongue or throat.

External use only. Avoid the eyes. Do not use on untreated infections, acne or rosacea unless specifically directed. Use on the face, skin folds or children only under medical advice.

Other medicines: Tell your doctor about other corticosteroids or medicines that increase steroid exposure.

Pregnancy and breastfeeding: ask a clinician before use if you are pregnant, planning pregnancy or breastfeeding. The advice depends on this product and your condition.

3 How to use this product

Apply only to the areas and for the duration prescribed. Do not cover with a tight dressing unless directed.

Missed dose: ask your pharmacist for the product-specific rule. Do not take an extra dose automatically; some medicines have special missed-dose instructions.

Too much: seek urgent medical advice or emergency care and take the container with you. Do not wait for symptoms or induce vomiting.

Kutivate Patient Information Leaflet

4 Possible side effects

Not everyone develops side effects. Effects listed here are a concise selection; the final product label must include the complete medicine-specific information.

Possible effects: Burning, irritation and, with prolonged or excessive use, skin thinning and stretch marks.

When to get help: Spreading infection, severe irritation or visual disturbance needs medical assessment.

Get emergency help for a severe allergic reaction. Contact your doctor or pharmacist for troublesome or persistent symptoms. Report suspected reactions to SK Pharma with the product name, batch number, dates of use and symptoms.

5 Storage and safe disposal

Keep out of the sight and reach of children. Store in the original closed container and follow the temperature and light-protection conditions printed on the pack. Do not use after the expiry date or if the seal is damaged.

An expiry date on a label does not establish the period allowed after opening. Ask your pharmacist about the approved after-opening period and disposal of unused product. Do not discard medicines in household wastewater.

6 Presentation and ingredients

Brand: Kutivate. Presentation: Cream; 5gr.

Active ingredients: Fluticasone Propionate 0.05% Cream.

Other ingredients: the full excipient list, including any sugar, alcohol, allergens, preservatives and capsule-shell components, must be completed from the approved SK Pharma formula.
