## **Salviron Patient Information Leaflet**

Read this leaflet before using this product. Keep it for reference and ask your doctor or pharmacist if you have questions. Do not share a prescribed medicine with another person.

### **1 What this product contains and is used for**

Composition: Mesterolone 25 mg

Therapeutic class: Androgen. Oral androgen medicine.

Uses: Confirmed androgen deficiency where locally approved.

### **2 Before using this product**

Do not use if you are allergic to an active ingredient or any other ingredient. Get emergency help for difficulty breathing, collapse or swelling of the face, lips, tongue or throat.

Do not use with prostate cancer or certain liver tumors. Treatment requires confirmation of the diagnosis and monitoring. This medicine is not a general fertility supplement.

Other medicines: Tell your doctor about all hormone treatments and anticoagulants.

Pregnancy and breastfeeding: ask a clinician before use if you are pregnant, planning pregnancy or breastfeeding. The advice depends on this product and your condition.

### **3 How to use this product**

Use exactly as directed by your doctor or pharmacist. The prescribed amount, frequency and treatment duration depend on the diagnosis, age, kidney or liver function and other medicines.

Missed dose: ask your pharmacist for the product-specific rule. Do not take an extra dose automatically; some medicines have special missed-dose instructions.

Too much: seek urgent medical advice or emergency care and take the container with you. Do not wait for symptoms or induce vomiting.

### **4 Possible side effects**

Not everyone develops side effects. Effects listed here are a concise selection; the final product label must include the complete medicine-specific information.

Possible effects: Acne, oily skin and changes in sexual function can occur.

When to get help: A prolonged painful erection, severe abdominal pain or urinary obstruction needs urgent assessment.

Get emergency help for a severe allergic reaction. Contact your doctor or pharmacist for troublesome or persistent symptoms. Report suspected reactions to SK Pharma with the product name, batch number, dates of use and symptoms.

### **5 Storage and safe disposal**

Keep out of the sight and reach of children. Store in the original closed container and follow the temperature and light-protection conditions printed on the pack. Do not use after the expiry date or if the seal is damaged.

An expiry date on a label does not establish the period allowed after opening. Ask your pharmacist about the approved after-opening period and disposal of unused product. Do not discard medicines in household wastewater.
